Bright Minds Brilliant Futures

# Brilliant Futures Preparation Program

Applications NOW OPEN for students in Years 5 and 6

## Ensure your place at Queensland Academies

Queensland Academies are state schools for **highly-capable students in Years 10 to 12**. A bridge between high school and tertiary study, the Academies are designed to maximise the potential of bright students and prepare them for university.

Queensland Academies offers the **International Baccalaureate (IB) Diploma Programme** – an internationally recognised pre-university level qualification that allows subjects to be accelerated and graduating students to study at both Australian and international tertiary institutions.

The Queensland Academies Brilliant Futures Preparation Program is open to students currently in Year 5 and 6. Graduates from the program will gain an **automatic offer** into Year 10 at either the Creative Industries campus or Science, Mathematics and Technology campus. The program is designed to provide a smooth transition when entering Queensland Academies and commencing the IB Diploma.

Students will benefit from working with Queensland Academies teachers and will be challenged through contemporary pedagogy that offers collaborative, accelerated learning focussed on deep inquiry and real world research.

## Program details:

Year 5 OR 6	Term 3: Application and selection process (Applications close Friday 15 September.)
	Term 4: Official Induction Ceremony
