

Enrichment Update

And that's a wrap... Term 1 done and dusted...

We completed our third round of Innovators of Tomorrow which saw 180 students involved in after school STEAM activities. A HUGE thank you must go to the following teachers who gave up their time to ensure our children have the opportunity to engage with new technologies. Mr Sellick, Mrs Robertson, Mrs Milner, Mr Fenton, Mrs Bryant, Mr Baker and Mrs O'Donoghue. A very special thank you must go to our generous parents: Kellie Keniger - mother of Rose and Charlie, Georgia Limmer - mother of Rosemary and Torben and Nandita Adhikari - mother of Maya. Without these parents we would not have had the wonderful art club and you would not have seen the fantastic creations throughout the school. Thank you Ladies.

Keep an eye out for the next Innovators of Tomorrow Program.

Next term, the following programs will commence.

- AMT Maths Year 5 & 6
- The Wavell State High Problem Solving Challenge Day Year 5
- High Achievers at Kelvin Grove State College Year 5 & 6 (Parent information night
Wednesday 2 May 6pm)
- Reading Rockets - recommence week 2
- I CAS – Digital Technologies 10 May
 - Science 31 May
 - Spelling 14 June
 - Writing 14 June

I will keep you updated throughout the term.

Happy Days!

Emma Kempf
