

The Queensland Academy for Science Mathematics and Technology (QASMT) is excited to announce that we will be enrolling students in Year 7 from 2019.

QASMT is a state school for highly-capable students. The campus is located in the inner city suburb of leafy Toowong, in Brisbane, Australia. From 2019 QASMT will offer Year 7 students an opportunity to apply to study the IB Middle Years Programme (MYP). Applications for Year 7 must close on 11 May 2018. Don't miss out on this unique and exciting opportunity for your child to be a part of the founding cohort in 2019!

More information about the International Baccalaureate Middle Years Programme (a guide for parents) is available here and also online at:
